ABC Facilitated WORD FLASHCARDS

Instructions for Word Flashcards

38 code-word cards (5.5"x 4.25") from the ABC Picture Book,
PART ONE of *ABC Facilitated Reading*

For novice learners, lay out the first six word-cards in alphabetical order. See if they can identify any of the words without prompting. Expect learners to struggle without the picture context! They may not get any. Reward successes, ignore slips, then give them the book to finish the session by matching the flashcards to the correct pages. End the session on a happy note. In future sessions, add more flashcards, change the order...

For more activities using the ABC Facilitated Word Flashcards see **Steps Four, Five, Seven and Eight** (p 77-79) in the 10-Step *Learning to Read Process* in *ABC Facilitated Reading*.

Your job is to facilitate by making memorizing code words
a fun, interactive, and positive experience.
